THE WRITING IS ALL OVER THE WALL IN AUSTRALIA

This is an insightful warning that on our doorstep Islam in Australia is pushing Government for Sharia Law to be enacted. Imam Tahidi has said in Australia that Muslims and the Liberal Left want to open the Immigration borders and populate Australia with Islam.

Iman Tahidi says “Their agenda is to create a country within a country”. A nation within a nation!

Sharia Law could soon be on its way to New Zealand. I am not Islamophobic, racist or hating on any others...but it's obvious that our Government is actively promoting Islam and has opened our borders to freely allow thousands of Muslims into New Zealand. I believe our National Identity and Kiwi way of Life will be swallowed up within 5 – 10 years with the present unbelievable rate of Islamic funding and promotion (to political positions as well) from this Government.

If the Australian Government openly resists and rejects Sharia Law in their Country I have no doubt whatsoever where they will head to set up an Islamic Caliphate, you guessed it...right here in New Zealand! **We are wide open**, we are only a three hour plane ride away.

We need to ban Burka and Hijabs in New Zealand. If Muslims want to move to New Zealand, they must integrate into our Kiwi culture and adopt our ways. Islam is currently more promoted, funded and resourced than Māori. Tangata whenua status of Māori is under threat. Years of denial by governments to allow Māori Tino rangatiratanga, is instead given to Muslims in a bat of Prime Minister Jacinda Ardern's eyelids!

In this media video you see Islam announcing death threats to Homosexuals and the LGBTQIA community. Why don't Liberals, Leftists and New Zealand Gays jump up and down about this? Jacinda needs to condemn Islam, instead of Tangata whenua like myself. The LGBTQIA community in New Zealand should invest their energy into criticizing and attacking Islam on Social Media, instead of relentlessly attacking myself and Destiny Church. They are hypocrites and they are false. It's now critical that Jacinda and the Lefts must GO in our next election!

I understand that the Vision New Zealand Political Party is the only Party with a robust policy plan to Protect our Kiwi way of Life and to negate any possible Islamic violence and terror in our countries future. To gain an insight into their policies read more in my recent article ISLAM IS A CREEPING DANGER ON THE KIWI WAY OF LIFE www.bishoptamaki.com/media.
